Prince William of Britain

Prince William is the grandson of Queen Elizabeth II of Britain. He was born in London, England, on June 21, 1982. He is the elder son of Charles and the late Lady Diana, Prince and Princess of Wales. He has one younger brother named Harry.

William was educated at private schools in England. He attended one of the oldest high schools in England, Eton College. At Eton, he was captain of the football team and took up water polo. After graduation, William took a gap year, during which he trained with the British Army, traveled in Africa, and taught children in a small town in Chile.

He returned in 2001 and enrolled at one of the oldest universities in Scotland. He began studies in art history, but later changed his main subject to geography. William went on to earn a Master's degree—the best degree of any heir to the throne of Britain. He then decided to follow a military career and trained at the Royal Military Academy in 2006. He served in the Armed Forces with his brother, and two years later he earned his pilot wings. In 2009, he transferred to the Royal Air Force for helicopter training. He later served as a pilot in the Search and Rescue Force.

Prince William now makes public appearances and performs his many royal duties—among which he is President of England's Football Association. And, like his mother, the late Lady Diana, he continues to help others by actively supporting many humanitarian causes.

GUIDE TO NIAGARA FALLS

Things to Do

There is a lot for the whole family to do in Niagara Falls. A helicopter ride provides a wonderful view of both the American falls and the Canadian falls. During the ride, you can take great pictures to show your friends back home. A favorite with all the tourists is the Journey Behind the Falls. You'll put on a raincoat, take an elevator, and get out at the bottom of the falls. From there, you'll see, hear, and feel the excitement as the water crashes down from the height of a twenty-story building. It's an unforgettable experience!

Places to Stay

The Broadview Hotel

Many visitors want to stay at the Broadview. The rooms are small, but the views of the falls are wonderful. The hotel restaurant is good, but very fancy. You'll have to wear your best clothes. The Broadview is expensive, but its guests receive very special treatment. And for your information, the hotel doesn't have a pool, but it has excellent workout facilities for people who like to exercise.

Martin's Motel

Martin's Motel is a really friendly place. When you check in, Martin shows you to your room. The rooms aren't fancy, but they're large and they have cable TV. There is an outdoor swimming pool and a game room especially for children. It's just a 15-minute walk to the falls. And if you're hungry, you can eat at the diner next door. The food is good and cheap, and the diner is open 24 hours a day. You won't have to dress up to eat there. Families that stay at Martin's always have a good time.

Write **T** for **True** or **F** for **False**.

1. **T** Visitors wear raincoats to go behind the falls.
2. **F** You can't take pictures on the helicopter ride.
3. **F** The Broadview Hotel has a pool.
4. **T** The Broadview Hotel has wonderful views of the falls.
5. **T** Martin's Motel is close to the falls.
6. **F** You have to wear a suit or dress to eat at the diner next to Martin's Motel.

H Answer these questions about the reading.

1. You can stay at the Broadview Hotel or Martin's Motel. Where will you probably stay? Why?
I'll probably stay at Martin's Motel because it's close to the falls
2. You can take the helicopter ride or the Journey Behind the Falls trip. Which will you probably take? Why?
I'll probably take the journey behind the Falls trip because it's more exciting

Food Is Not Just for Food

Do you like bananas on cereal, roasted garlic, or cucumbers in salad? Believe it or not, each of these foods is also a medicine. Thousands of years ago people started using foods to cure everyday health problems. Today, people still use many of these foods as medicines. Each culture has its own favorite food remedies. Here is a short list of illnesses and some of the foods people use to cure them.

Headaches

- Peel several very ripe bananas. Wrap the peels in two different pieces of cloth. Place one over the back of your neck and the other on your forehead.
- Peel a large lemon. Rub the skin of the lemons on your forehead. Then put the pieces in a cloth and place it on your forehead. The pain will stop.

Tired, Red Eyes

- Peel and slice up a very ripe apple. Let the fruit get brown. Place the pieces on your closed eyes. Leave them on for at least half an hour.
- Place thin slices of cucumber over your closed eyes and lie quietly for a few minutes.

A Cold

- Put two cloves of crushed garlic in a bowl of boiling water. Add one tablespoon of vinegar. Cover your head and the bowl with a towel. Breathe in the warm vapors.
- Soak a piece of brown paper in vinegar. Shake pepper on one side. Place the peppered side of the paper on your chest. Leave it there all night, if possible.

Have you ever heard of any of these remedies? Most people in the medical profession say that there is little research to prove any positive results from these old food remedies.
